

Witness to Love Parish Roles

Depending on the size of the parish and number of weddings held there annually, the coordination needs of the Witness to Love model can be divided among team members in different ways.

The same couples can serve as MPC/Coaches, FOCCUS Facilitators, and/or showcase mentor couples, but:

*Witness to Love training is required for Marriage Prep Coordinator and Coach couples.

**FOCCUS certification and training are required for FOCCUS Facilitators.

Although priests and deacons (who are officiating weddings) do not need the full WTL training, they and any other parish staff or ministers who are a part of weddings should be familiar with the program and how they fit into the formation journey of the engaged couples at their parish.
